Berkeley Global Campus  
Community Working Group  
November 30 Community Briefing and Open House  

Comment Card Notes

Education
No name
• D.3: $3 million Opportunity Fund

Lizzy Gore: Charter School Teacher
• Integrate LITERACY into STEM training for teachers/prof development, literacy THROUGH science instruction.
• D3: Most kids live far from whatever museum may be built--- we need mobile units/trailers to bring the wonder of science to kids IN THEIR NEIGHBORHOODS IN SCHOOLS.

Helen Toy – member of education subcommittee
• Please [re-insert_ “literacy training” in teacher PD.

Rev. Craig Scott: UU Church of Berkeley/CCISCO
• #1 Recommendation only make sense w/ adequate funding from UCB and LBNL $3 million per year

No name
• D2: Provide education to parents on who to support children though their education.
• Education parents on parenting.

Lee Lawrence, CCISCO
• In education center, include pre-school – child care facilitates open to both community and BGC members.
• #3 Education fund: 3 million per year
• D. Pre school. 75% of Richmond children grow up in poverty. Kids in poverty are 2 years behind starting kindergarten: house built on weak starting cognitive foundation cannot stand.

No name
• B. Career Exposure Develop exchange program for HS students with other countries ie S Korea might be interested in an exchange program where students would learn how to sail a victory ship an all that entails. Our students would sail to Korea for a semester of instruction there while Korean students would sail here for the same period of time. We
should be able to work out a sharing of the Red Oak in exchange for a ??? fitting of the ship to make it sea worthy.

**Jamilen Ebrahimi/RYSE Center**

- #3: There are community ??? in working to establish a fund that will meet the explicit needs of children and youth in the city. The purpose of the proposed fund is to create a sustainable long term funding stream in order to create a youth-??? That prioritizes the holistic well-being and builds resilience of children and youth in Richmond. This proposal doesn’t include any amount, details of potential management or oversight.
- The Richmond Kids First initiative would be administered under the city manager’s office, and include a community and youth oversight cmte and is hoping to secure a min of 4.3 million above and over what the city already dedicates to youth. Also there will be a strategic plan w/ comprehensive evaluation. This initiative is focused on 5 – 24 year olds.

**Cordell Hindler, PPNC**

- #4: Proving more transportation for low-income youth

**no name**

- a $3 mill annual youth education fund with oversight from the community members, esp caregivers and students, is crucial.

**Lee Lawrence, CCISCO**

- BGC should help Richmond schools focus on literacy

**Denis Johnson the III**

- #1: Re open CCC as a university for people of color

**Sequoia, CCHS**

- please remember to utilize the HS Career Pathways Programs to directly support interns, etc. Thank you.

**Katie Krolikowski/Richmond Taxpayer: CCC faculty**

- Framing: Pipelines, pathways, partnerships: large scale, sustained.
- Need more participation (successes) data
- Educational partnership: 6 months, composition
- Education center: It is important any center like this not be window dressing. It should
  - Directly support WCCUSD Academy faculty, and be presented in-sync and in response to plans and goals of establishing faculty work.
  - Be designed/developed by experienced experts in educational effectiveness with such project. Recent graduates and grant-hoppers are not ideal leaders for a project like this.
• Youth Adult Opportunity Fund: D3: K-adult/Workforce: Absolutely Commitment to a substantial fund, administered by a public, Brown-Act committee with Broad representation of committed stakeholders.
• A. College Exposure: So much is currently going on. Work to support and scale successful work-based opportunities where students and UC Berkeley hosts benefit.

John Penilla: Social organizer: Student labor Committee
• 3: UC will pay $3million annually to a youth education fund.
• Ed Center should include 2-4 mobile opportunities to study throughout the city.

Robert McCauley
• There needs to be a sustained financial commitment in order for any impact on education in Richmond. The idea that the presence of UC in Richmond will be beneficial to K-12 is not obvious. UC must commit to long-term funding of educational improvement in Richmond. Minimum $3,000,000 annually.

Lynne Henderson PhD, Clinical Psychologist
• Education: Really like the progression from classroom to learning by doing and ____ in the community. Improve Creativity and Citizens.
• Education B: Outstanding recommendations for Career exposure – with resources and evaluation.

S. Nixon, UUCB Social Justice committee
• Education: Youth Opportunity: Community Center: for local youth now have to pay to play basketball, etc. Get kids off the street with activities by making basketball, etc. at community center free.
• Education: preschool: kids born in poverty come to kindergarten 1st grade are 2 years behind – these kids are more apt to drop out – not get to college or job training.

Sasha Graham: ACCE
• #1: Make the partnership happen in Q1 2016 we need to have a plan in effect as soon as possible to ensure that the rest of the recommendations will happen.
• #1: ABC: Children need exposure to college and career. In Richmond children are not able to see a better life we must be the catalyst to make our children the bright lights for the future.
• #3: $3million annually to be increased as the institution is established over the years, more money made, more money spent on actual education happening outside of BGC, school districts need a lot of funding.
