# South Shoreline Specific Plan

# City's Goal – A Complete Community

# Recommended Land Use Plan

# Transportation – Ferry Improvements

## \$7M

### Ferry Improvements

Program elements include improved terminal access and landside improvements in support of the Water Environmental Transportation Authority (WETA) Ferry Terminal. Improvements will improve safety (regional) and reduce transit/congestion, by providing alternative "green" transportation. WETA adopted the environmental document (MND) for the terminal on September 4<sup>th</sup>, 2014. Services may commence beginning in 2017/2018.

# Enhance Connectivity

# Next Steps

October 2014	Release PEIR Notice of Preparation
November 2014	Release Public Draft Specific Plan
November 2014	Release Public Draft Connectivity Plan
January 2014	Release Public Draft PEIR
April 2015	Release Final Draft Specific Plan and Final PEIR
May 2015	Planning Commission Recommendation on Final PEIR and Final Draft Specific Plan
June 2015	City Council Certification of Final PEIR and adoption of Final Draft Specific Plan
